SKILLS

Programming
C, C++, Java, C#, Python, R

Web & Scripting
PHP, JavaScript, HTML, CSS

Desktop & Graphics
.NET WinForms, Java Swing, OpenGL

Machine Learning
PyTorch, ResNet18, EfficientNet-B0, Naive Bayes, SVM, Logistic Regression, TF-IDF

Databases
SQL, MySQL, SQL Server, Oracle

Tools
Git & GitHub, Vercel, RStudio, LaTeX

CURRENTLY LEARNING

TypeScript, React, Next.js, Tailwind CSS

LANGUAGES

Bangla — Native
English — Professional

MURAD HASAN TAMIM

CSE Student • Software Development • Research

PROFILE

Final-year BSc CSE student at AIUB, CGPA 3.85/4.00. Builds software and web applications with C#, PHP/MySQL and Next.js; presented research at an international conference. **Seeking an internship or entry-level role in software, data or AI.**

EDUCATION

BSc in Computer Science & Engineering (Information Systems) 2023 – Present
American International University-Bangladesh (AIUB), Dhaka
CGPA 3.85 / 4.00 • 125 credits completed • 15 in progress

HSC — Science 2022
Collectorate School and College, Rangpur • **GPA 5.00 / 5.00**

SSC — Science 2020
Pirganj Pilot High School, Pirganj, Thakurgaon • **GPA 5.00 / 5.00**

PROJECTS

IdeaBid — Project Request & Management Platform Course Project
C# • .NET WinForms • SQL Server **GitHub**

- Built a Windows Forms system for project requests, proposals and responses between users, developers and admins, with role-based access and payments.

Online Quiz & Exam Platform 2025 – 2026
PHP • MySQL • MVC **GitHub**

- Role-based quiz and exam system with timed quizzes and performance tracking.

AIUB Live — Campus Identity & Collaboration Platform 2026
Next.js • TypeScript • Tailwind CSS • Vercel **Live** **GitHub**

- Campus identity and collaboration platform for AIUB students, deployed on Vercel.

Other Projects

- **BuyTrust** — e-commerce design: report, system diagrams, 16 UI screens. **GitHub**
- **2D City Disaster Simulation** — C++ / OpenGL, six interactive disaster scenes. **GitHub**

RESEARCH & PUBLICATIONS

- ***Navigating Academic Pressure and Skill Development: A Study on Coping Mechanisms Among Computer Science and Engineering Students in Bangladesh.*** 1st Author & Corresponding Author — ICSS, Begum Rokeya University, Rangpur, May 2025. **ResearchGate**
- ***Evaluating AI Governance and Regulation in Developing Countries: A Comparative Analysis with a Proposed Framework.*** 2nd Author — Presented at ICCA 2026 (4th International Conference on Computing Advancements), AIUB, Dhaka, 15–16 Oct 2026. Publication forthcoming.
- ***Predicting Sustainable Media Innovation Adoption: Multi-Model Analysis of AI Diffusion in Emerging Markets.*** 4th Author — ICCTASS 2025, AIUB, Dhaka, Dec 2025.

WORK EXPERIENCE

Private Tutor — Programming & Mathematics (Self-employed) 2024 – Present

- Tutoring university students in Java, Data Structures and mathematics.

ACTIVITIES & INTERESTS

- Group projects, coding challenges, mathematics problem solving and reading.
